No Owner shall permit or suffer anything to be done or kept about or within his Lot, or on or about the Subdivision, which will obstruct or interfere with the rights of other Owners, occupants or Persons, or annoy them by unreasonable noises or otherwise, nor will such Owner commit or permit any nuisance or commit or suffer any illegal act to be committed therein. Each Owner shall comply with the Association Rules, the requirements of all health authorities, the Town and other governmental authorities having jurisdiction over the Subdivision.

2.10 Boats, RV's, Motor Vehicles and Inoperable or Unlicensed Vehicles. the Association to facilitate ongoing landscape maintenance within front yards. The Association shall also irrigate, mow, trim and generally maintain the Open Space. Such costs may also be assessed pro-rata to the Lot Owners. The foregoing notwithstanding, nothing herein shall contravene the provisions of C.R.S. 37-60-126 regarding xeriscaping and water restrictions and said statutory provision is hereby incorporated herein by this reference to the extent it is applicable hereto and shall control and supercede any and all provisions of this Declaration which may be to a contrary effect.

2.21 Duplex Lots.

A. i) Party Wall and Easements – Duplex Lots. Upon the conveyance by Declarant of any of the above-described DR Lots and construction of a duplex structure thereon, the wall or structural extension thereof (not exceeding one foot in width) which forms a portion of the division between such Lot and the adjoining Lot identified by the same DR Lot number as provided in Section 1.9 above is hereby declared to be a party wall upon the alignment of the common boundary of such Lots as shown on the Plat, to be shared and owned in common by the Owners of such two (2) DR Lots, respectively. Each such DR Lot shall be subject to an easement for encroachment created by construction, setting or overhang of the existing party wall, and to a reasonable degree, any subsequent improvement, addition or replacement of the same, so long as such encroaching portion stands and exists. In the event the portion of the duplex building occupying either of said Lots is partially or totally destroyed by fire or otherwise and is rebuilt by the Owner thereof, the Owners of both such DR Lots agree that minor encroachment of parts of the adjacent improvements upon the other DR Lot due to such reconstruction shall be permitted and that a valid easement for said encroachment and the maintenance thereof shall and does exist. Each such Owner shall have an easement for horizontal and lateral support for improvements situated on such Owner's DR Lot. Each Owner of such a DR Lot shall have the irrevocable right to have reasonable access to the other DR Lot during reasonable hours as may be necessary for the inspection, maintenance, repair or replacement of the party wall or any utilities located therein or for making emergency repairs necessary to prevent damage to the party wall or the DR Lot.

ii) Responsibility for Party Wall. Except as is otherwise provided in this Declaration, the cost of reasonable maintenance, repairs and replacement of the party wall shall be the joint expense of the Owners sharing the party wall. The cost of repairs and maintenance of the finished surface of the party wall located within any such DR Lot shall be the sole expense of the Owner of the DR Lot. An Owner shall have the right to reasonably maintain and repair any utility installation located within the party wall, but in so doing shall restore the party wall to its original condition.

iii) Negligence by Owner. In the event the party wall is damaged or destroyed by the act, omission, default or negligence of one of the Owners, such Owner shall rebuild or repair such wall and shall compensate the other Owner for any damage to the latter's property. In addition, an Owner who by negligence or willful act causes or permits the party wall to be exposed to the elements of nature shall bear the whole cost of furnishing the necessary protection against such elements so as to protect the party wall and other Owner's property against such

elements.

iv) Common Law Application. To the extent they are not inconsistent with the provision of this Declaration, the general rules of law regarding party walls shall be applicable to all such DR Lots and party walls and shall supplement this Declaration.

B. Utility Easements – DR Lots.

At the time of conveyance by Declarant of any of the said DR Lots, this Declaration shall constitute a grant as an appurtenance to each DR Lot conveyed of easements for utilities serving the DR Lot conveyed for purposes of the operation, maintenance, repair and replacement thereof as well as an easement for reasonable access to such utilities for the purposes aforesaid. Similarly, this Declaration shall also constitute a reservation, as appropriate, of an easement for utilities serving the DR Lot and an easement for access thereto for purposes of operation, maintenance, repair or replacement of any such utilities. Any damage caused to the DR Lot burdened by the easement by the owner of the easement granted or reserved in the use of such easement shall be immediately repaired by Owners of both such DR Lots. Any expense of maintenance, repair or replacement of any of the utilities located within the foregoing described easements shall be borne equally by the respective Owners of the DR Lots unless such maintenance, repair or replacement is necessitated by the intentional or negligent act or omission of the Owner of one of the DR Lots, in which case the latter Owner shall be solely responsible for the cost of such maintenance, repair or replacement. Further, neither of the Owners of any such DR Lot shall build nor erect any structure over existing easements and utilities located therein, except for those portions of such easements which are necessarily located under or through buildings and structures erected and installed on the DR Lots.

The above and foregoing covenants, restrictions and easements shall be covenants running with title to all DR Lots upon which duplex structures are erected, both as to the benefits and burdens thereof, and either Owner of such a DR Lot subject to this Subsection 2.18 may enforce the provisions hereof by any legal or equitable remedy available.

2.22 Storage Shed Party Walls.

A. To the extent they are not inconsistent with the provision of this Declaration, the general rules of law regarding party walls shall be applicable to storage sheds with a shared wall on all Lots and shall supplement this Declaration.

B. It is anticipated that certain structures appurtenant to the residential dwelling on each Lot may be installed, which structure are described as "storage sheds." Such storage sheds may be constructed on rear yard Lot lines of the Lots in such a manner as to create a common or party wall between the storage sheds located on such rear yard common Lot lines. The obligations of the two Lot Owners of such storage sheds having a party wall, insofar as maintenance, repair and replacement thereof, shall be the same as provided in Subsection 2.18 A. (ii), (iii) and (iv) hereof for party walls constructed within residences on DR Lots. In those cases where no such storage shed party wall is installed, or in which one such storage shed is

permanently removed by the Lot Owner, this storage shed party wall provision shall not be operable.

C. In the event that there are storage sheds on adjacent Lots with a party wall and one of the Lot Owners removes a portion of a storage shed on its Lot, then it shall be that Lot Owner's responsibility to repair any portion of the party wall to a stand alone condition approved by the DRC.

2.23 No Obstruction of Drainage. Except as otherwise herein provided with respect to DR Lots, no Owner shall erect, construct, maintain, permit or allow any fence or other improvement or other obstruction which would interrupt the normal drainage of the land or within any area designated on the Plat, or other recorded document, as a "drainage easement," and also except that, with the prior consent of the Town and the DRC, non-permanent structures, including fences, may be erected in those areas which contain only underground closed conduit storm drainage facilities.

2.24 Sewage Disposal. Each Dwelling Unit shall contain at least one (1) fully-equipped bathroom. All sewage shall be disposed of by means of the Town sewer system.

2.25 Resubdivision Prohibited. The resubdivision of a Lot is prohibited. Boundary line adjustments which do not result in the creation of additional Lots shall not constitute resubdivision but shall require written approval of the Association and shall comply with all requirements of the Town.

2.26 Fences and Hedges.

A. The DRC must approve the type and location of all fencing prior to installation. Only wooden fencing shall be permitted within the Subdivision, with limited exceptions pertaining specifically to gardens, kennels, or other elements where a wooden fence would not serve the purpose desired, be it to keep animals in an enclosed area or to keep wildlife out of an enclosed area. No fences or hedges shall be constructed, grown or maintained on any Lot higher than six (6) feet above ground level nor shall any fence be constructed or installed within the front yard setback as such setback is defined and provided by the Ordinances of the Town of Carbondale, Colorado. The foregoing height restriction shall not apply to patio fences attached to dwellings. Nothing herein shall be construed as being in conflict with fencing requirements of the Town and the latter shall prevail and supercede if such a conflict exists

B. In the event the property line fence separating two lots is damaged or destroyed by the act, omission, default or negligence of one of the Owners, such Owner shall rebuild or repair such wall and shall compensate the other Owner for any damage to the latter's property.

C. All fences shall be properly cared for and maintained in good condition. The cost of reasonable maintenance, repairs and replacement of the property line fence shall be the mutual responsibility of the Owners of both such Lots and the cost of such maintenance, repair or replacement shall be borne equally by both Lot Owners.

D. The cost of reasonable maintenance, repairs and replacement of the property line fence on a Lot that is not shared with the adjacent Lot shall be the sole responsibility of that Lot Owner.

E. The Association/DRC shall have the responsibility of notifying any Lot Owner, in writing, of the need for such maintenance, repair or replacement and shall have the legal and equitable enforcement provisions herein provided to the DRC and the Association.

F. A shared property line fence shall not be removed without the approval of both Lot Owners.

2.27 Rear Yard and Side Yard Landscaping or Fencing. If only the front yard is to be landscaped, then to satisfy this Article the rear yard must be privately fenced in a manner that is acceptable to the DRC. All landscaping that is installed in the rear or side yard of a Lot shall be properly cared for and maintained by the Lot Owner.

2.28 Wood Burning Stoves and Fireplaces. Each Lot within the Subdivision shall be prohibited from operating or installing an open hearth solid fuel burning device or a wood burning stove or any such appliance which does not comply with requirements of EPA class 3 rated devices. Owners shall be entitled to an unrestricted number of natural gas burning fireplaces or appliances within their residence so long as the same are in conformity with the Ordinances of the Town of Carbondale, Colorado.

2.29 Enforcement. The Association or its authorized agents may enter any Lot in which a violation of this Declaration and these restrictions exists and may correct such violation at the expense of the Owner of such Lot. The Association may enter upon any lot as necessary for access to and maintenance of Open Space B parcel, as identified on the Plat. All remedies provided in Article 5 hereof and all other rights and remedies available at law or equity shall be available to the Association or to any Lot Owner in the event of any breach of any provision of this Declaration by any other Owner. In addition to the foregoing enforcement rights, the Town, as a third party beneficiary of this Declaration, shall have the right, but not the obligation, to investigate and enforce any violation of the PUD Plan, Planned Unit Development Agreement or provisions and restrictions set forth in this Article 2, which enforcement rights shall be co-extensive with the enforcement right of the Association or any other Lot Owner with regard to this Article 2.

2.30 Rules and Regulations. The Association may adopt rules and regulations ("Association Rules") consistent with the terms of this Declaration, which Association Rules may be modified from time to time in the discretion of the Board of Directors of the Association, provided that copies of any such Rule and any amendments are provided to all Members of the Association within a reasonable time thereafter.

2.31. Modification. This Declaration may be amended in the manner set forth below in Section 3.10, provided that this Article 2 may only be amended if and when the Town specifically approves, in writing, any such modification or waiver.

The Managers of the Association shall have the power to fix in advance a date as a record date for the purpose of determining Members entitled to notice of or to vote at any meeting, or in order to make a determination of Members for any purpose. The Members existing on any such record date shall be deemed the Members for such notice, vote, meeting, furnishing of information or material or other purpose and for any supplementary notice, or information or material with respect to the same matter and for any adjournment of the same meeting. A record date shall not be more than fifty (50) days prior to the date on which the particular action requiring determination of Members is proposed or expected to be taken or to occur. If no record date is established for a meeting, the date on which notice of such meeting is first given to any Member shall be deemed the record date for the meeting.

3.6 Quorums. The presence of Members who hold votes equal to fifty percent (50%) of the total voting power of the Association, in person or by proxy, at a meeting to consider a matter shall constitute a quorum for consideration of that matter. If a quorum is established for consideration of that matter, except if a greater percentage of votes is required under a specific provision of this Declaration, greater than fifty percent (50%) of the total voting rights in the Association, as Association Action, shall decide the matter.

3.7 Statement of Authority. If a Statement of Authority is required under the provisions of C.R.S. 7-30-105, it shall be prepared and filed by the Association.

3.8 Assessments. Each Member shall pay to the Association amounts as hereinafter provided and limited, which amounts are herein called Assessments. The power of the Association to levy such Assessments shall be limited to the specific use and purpose of enforcement of the provisions hereof, including the retaining of attorneys and other professionals in this enforcement purpose, and to landscape within the Subdivision as set forth above. The initial assessment shall be in the amount of \$10.00 per Lot per month, to commence upon the date of a first Lot sale by the Declarant. Such Assessments shall thereafter be levied on a ratable basis, a 1/18th share of the total Assessment per Lot. Subject to the above provisions and limitations hereof, the Association, through its Managers, shall have the power and authority to determine all matters in connection with Assessments, including, without limitation, power and authority to determine where, when and how Assessments should be paid to the Association, and each Member shall comply with all such determinations as notified thereof by the Managers in writing.

3.9 Design Review Committee: The membership of the Design Review Committee ("DRC") shall initially be comprised of the Managers of the Declarant, currently David Hicks and Thomas H. Neel, and the DRC shall continue to be so composed so long as Declarant shall retain ownership of a least one (1) Lot, and thereafter the members of the DRC shall be three (3) in number and shall be appointed by Association Action.

3.10 Amendment to Declaration. Subject to the limitations set forth above in Section 2.31, this Declaration may be amended from time to time upon the affirmative vote of 51% of all Lot Owners. Any such amendment shall be recorded in the Garfield County real property records by the Association. However, no such amendment shall be operative or effective

retrospectively(i.e., no such amendment shall have the effect of depriving an Owner of any right to continue to use or maintain his Lot in a manner or condition which was in conformance with this Declaration immediately prior to the adoption of any such amendment), no such amendment shall affect the makeup of the DRC as initially established as set forth in Section 3.9 above, and no amendments to Section 2 shall be effective unless approved by the Town in writing.

3.11 Plat Amendment. The Declarant or the Association, by Association Action, may amend the Plat at any time, provided no such amendment shall affect or alter the boundaries of any Lot without the express approval of the Owner of such Lot and provided further, that such amendment is accomplished in accordance with Ordinances of the Town.

3.12 Records. The Association shall, upon reasonable written request and during reasonable business hours, make available for inspection by each Lot Owner the books, records and financial statements of the Association, this Declaration, the Association Rules, and Design Guidelines.

ARTICLE 4
ARCHITECTURAL DESIGN AND LANDSCAPE CONTROL

4.1 Approval of Improvements Required. No improvement to a Lot shall be constructed without prior DRC approval, except where approval is not reasonably required to carry out the purposes of this Declaration as determined by Association Action. Improvement to a Lot shall mean the construction, erection, installation, or exterior expansion of any building, structure, or utility facilities and fences, or destruction or removal of any building, structure, tree, vegetation or other improvement, or the grading, excavation, filling or similar disturbance to the surface of the land, or any change of any previously approved improvement to a Lot, including any change of exterior appearance, color or texture thereof, but exclusive of any improvement, repair or maintenance work interior to a residential improvement.

4.2 Design Review Committee. The DRC shall consist of those Persons determined as provided in Subsection 3.9 above.

4.3 Design Guidelines. The DRC shall establish reasonable procedural rules, regulations, architectural standards and design guidelines ("Design Guidelines"), which the DRC may, from time to time in its discretion, amend, repeal or augment. The Design Guidelines may include, among other things and without limitation upon the DRC:

4.3.1 Procedures for submittal of all construction plans and specifications for improvements to a Lot to the DRC.

4.3.2 Time limitations for the completion, after commencement of construction of the improvements to a Lot for which approval is required and granted pursuant to the Design Guidelines and this Declaration.

4.3.3 Provision that no structure shall be sited on a Lot without DRC approval. The DRC shall, within its discretion, approve the building's location as near to the location

selected by the Owner as it deems appropriate.

4.3.4 The DRC shall list the varieties of plants that shall be permitted to be planted on any Lot. A list of such plants shall be kept on file at all times by the DRC. The DRC may, from time to time, amend the list of permitted plants to add or delete certain varieties.

4.3.5 The DRC may make rules permitting or prohibiting the use of certain chemical pesticides and herbicides in its sole discretion with regard to application to front yards of any Lot.

4.3.6 Such other requirements, limitations and restrictions as the DRC in its reasonable discretion shall adopt, including, without limitation, the regulation of all exterior lighting, landscaping (including, without limitation, absolute prohibition of certain types of landscaping, trees and plants), construction, reconstruction, exterior addition, change or alteration to or maintenance of any building, structure, foundation system, wall or fence, including, without limitation, the nature, style, shape, height, materials, exterior color, surface texture, location of any such improvement, and prohibition of construction during certain periods of the year.

4.4 General Provisions.

4.4.1 The DRC may assess reasonable fees in connection with its review of plans and specifications. In the event that an application requires extraordinary legal, engineering, or other fees, the DRC will notify the applicant of the amount of such fees, and the DRC will not be required to take further action until such extraordinary costs are paid by the applicant Lot Owner.

4.4.2 The DRC may delegate its plan review responsibilities, except final review and approval as may be required by the Design Guidelines, to one or more of its Members or architectural consultants retained by the DRC. Upon such delegation, the approval or disapproval of plans and specifications by such Members or consultants shall be equivalent to approval or disapproval by the entire DRC unless otherwise provided in the Design Guidelines.

4.4.3 The establishment of the DRC and the procedures herein provided for architectural approval shall not be construed as changing any rights or restrictions imposed upon Owners to maintain or repair their Lots as may otherwise be specified in this Declaration or Association Rules.

4.4.4 The DRC shall approve or disapprove any plans and specifications submitted to it in accordance with the Design Guidelines within a period of thirty (30) days.

4.5 Approval and Conformity of Plans. No building, fence, wall or other structure or improvement to a Lot, of whatever type, including without limitation, landscaping and irrigation facilities, shall be commenced, erected or maintained upon any Lot, nor shall there be any addition to or change to the exterior of any residential or other structure, improvement, or facility upon a Lot or the landscaping, grading or drainage thereof, including, without limitation, the

painting (other than painting with the original or subsequently approved color of paint) of exterior walls, patio covers and fences, except in compliance with plans and specifications therefore which have been submitted to and approved by the DRC. Approval of the DRC of plans and specifications shall not constitute approval of engineering design or for compliance with zoning and building ordinances. By approving such plans and specifications, neither the DRC nor the Declarant make any warranty that said plans or specifications comply with applicable governmental ordinances and building codes, nor may the DRC or Declarant be held liable in the event that the plans and specifications do not so comply. The foregoing notwithstanding, the designs, elevations and site layout of residential building improvements on any Lot shall conform generally with those shown on Exhibits B-1, B-2, B-3 and B-4, all as provided in Article 2 hereof and to the PUD Plan.

4.6 Inspection and Recording of Approval. Any member of the DRC or authorized representative or consultant of the Association may at any reasonable time enter, without being deemed guilty of trespass, upon any Lot after reasonable notice as provided herein to the Owner in order to inspect improvements constructed or being constructed on such Lot to ascertain that such improvements have been or are being built in compliance with the Design Guidelines and this Declaration. The DRC shall cause such an inspection to be undertaken within thirty (30) days of a request therefore from any Owner as to his Lot and if such inspection reveals that the improvements located on such Lot have been completed in compliance with the Design Guidelines and this Article, the DRC shall provide to such Owner a notice of such approval in recordable form that, when recorded, shall be conclusive evidence of compliance with the provisions of this Article and the Design Guidelines as to the improvements described in such recorded notice.

4.7 Additional Powers of the DRC. The DRC may promulgate as a part of the Design Guidelines such additional architectural and landscape standards, rules and regulations as it deems to be appropriate and as are not in conflict with this Declaration or the PUD Plan approved by the Town.

ARTICLE 5 REMEDIES

5.1 General Remedies. In the event of any default or violation by any Owner, occupant or other Person under the provisions of this Declaration, the Association Rules or Design Guidelines, the Association, or its Managers, the Declarant, or any Lot Owner shall have each and all of the rights and remedies which may be provided for in this Declaration, the Association Rules or Design Guidelines, or which may be available at law or equity, and may prosecute any action or other proceedings against such defaulting Owner, occupant or other Persons for an injunction, or specific performance, or for judgment for payment of money and collection thereof, or for any combination of such remedies. The Association shall also have the right to make other rules providing for penalties to be assessed to an Owner for violation of any provision herein. All expenses of the Association or the Declarant, or any other Owner granted rights of enforcement hereunder, incurred through any enforcement procedure, including court costs, reasonable attorneys' fees and other fees and expenses, and all damages, shall be recoverable by the party incurring the same against any violating or defaulting Lot Owner

judicially determined to be in violation of any provision of this Declaration, and this remedy shall include the right to file a first and primary lien against a Lot for any sums due and owing to the Association resulting from the breach or violation of any of the provisions hereof. The provisions of Section 2.25 above are operable with respect to this Section 5.1.

5.2 No Personal Liability of Mortgagee. A Mortgagee shall not in any case or manner be personally liable for the payment of any item of monetary damage payable for violation hereunder but only for those matters that are enforceable by injunctive or other equitable actions, but the lien of such Mortgagee's mortgage shall be inferior to any lien of the Association provided hereunder.

5.3 Enforcement After Foreclosure Sale. Notwithstanding the foregoing, an action to abate the breach of this Declaration may be brought against the purchasers who have acquired title through foreclosure of a Mortgage and the subsequent foreclosure or trustee's sale (or through any equivalent proceedings), and the successors in interest to said purchasers, even though the breach existed prior to the time said purchaser acquired an interest in such Lot, all as more particularly provided in Section 5.5 below.

5.4 Exercise of Owner's Rights. During the pendency of any proceedings to foreclose a Mortgage (including any period of redemption) or from the time a trustee under a deed of trust has given notice of sale pursuant to power of sale conferred under a deed of trust and pursuant to the law, the Mortgagee, or a receiver appointed in any such action, may, but need not, exercise any or all of the rights and privileges of the Owner in default.

5.5 Effect on Mortgage. Anything to the contrary herein notwithstanding, any breach of any of the covenants, restrictions, reservations, conditions and servitudes provided for in this Declaration, or any right of re-entry by reason thereof, shall not defeat or adversely affect the lien of any Mortgage upon any Lot but, except as hereinabove specifically provided, with respect to priority of such lien, any violation of the provisions of this Declaration shall be binding upon and require correction of the violation by any Lot Owner whose title thereto is acquired by foreclosure, trustee's sale, sale, deed in lieu of foreclosure or otherwise, within ninety (90) days of acquisition by such successor Owner.

ARTICLE 6 GENERAL PROVISIONS

6.1 Rule Against Perpetuities. The Rule against perpetuities shall not apply to defeat this Declaration or Association Rules.

6.2 Limitation on Liability. The Association and any Member (in his capacity of a Member as opposed to a Lot Owner), partner, Manager, agent, or employee of the same shall not be liable to any Person for any action or for any failure to act if the action or failure to act was in good faith and without malice.

6.3 Severability. Each of the provisions of this Declaration shall be deemed independent and severable, and the invalidity or unenforceability of the provisions or any portion

hereof shall not affect the validity or enforceability of any other provision.
